Mateo is a well-loved and a most respected person in the **Kingsburg community**. He was a **bus driver for 33 years**, his students continue to love and care for him.

He is also involved in the **ASA softball organization as an umpire, and was named the 2012 Umpire of the Year!**

Mateo is a wonderful husband, father of three sons and is looking forward to the marriage of his youngest son and future grandchildren.

He is now **battling stage 4 renal cancer**, which has spread throughout his entire body. He has his good and bad days taking his Chemotherapy and every other medication that has been prescribed.
