

Individual Insurance/Registration Directions

Before you begin the registration process you will need to know how the process is done and what items you need to ensure that you can accomplish the task. Please follow these directions carefully. **Please do not start this registration process until all of your players have been assigned to teams and each team has been given a unique name in your league/organization. You MUST register your teams within 14 days of your draft to make sure all players/staff are covered in case of accident.**

Important information: Please **do not use the apostrophe key** when entering in any of the information fields. Example: O'Brien is incorrect. Please enter the information as OBrien.

Again for 2018 you can register participants using our Excel spreadsheet. You must first submit a request for a user name and password before starting this process. For a link to that form, please [click here](#). You can only proceed with this process if you HAVE NOT submitted ANY on line registrations. You can still add participants, as necessary, after you have submitted this Excel spreadsheet and received a conformation invoice. For instructions on this process please [click here](#).

2. If you haven't already obtained your User Name and Password please go to this link http://www.usasoftballgreatersanjoaquin.org/entries/request_password_form-ccasa.html and complete the form. All passwords from 2017 have been deleted so you must go to this link and completely fill out a new form.
